ABOUT IFIPP

The Islamic Finance Internship Preparatory & Placement Program (IFIPP) is a talent development pathway that equips aspiring Islamic finance professionals with the knowledge, skills, and industry exposure required to succeed in the Islamic finance ecosystem, while providing qualified participants with industry simulations and access to internship placement opportunities through our institutional partner ecosystem.

YOUR IFIPP LEARNING JOURNEY

Apply & Join the Cohort

Begin your journey by becoming part of a community of aspiring Islamic finance professionals.

Build Your Foundation

Through a 4-week virtual preparatory programme, participants develop:

- Islamic finance knowledge
- Professional skills
- Workplace ethics
- Industry understanding
- Practical skills through simulations

Demonstrate Your Readiness

Participants complete assessments designed to evaluate:

- Knowledge
- Professional readiness
- Suitability for internship opportunities

Connect With Industry Opportunities

Qualified participants are considered for internship placements with partner organizations based on:

- Skills
- Interests
- Industry requirements
- Available opportunities

Gain Real-World Experience

Participants apply their knowledge within professional environments and begin building their career journey in Islamic finance Industry.

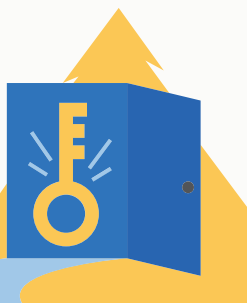

WHAT YOU WILL GAIN THROUGH IFIPP

Islamic Finance Knowledge

Participants will develop an understanding of Islamic finance principles and ecosystem, Shariah-compliant financial practices, Islamic finance ethics, professional conduct and emerging trends in Islamic finance and fintech.

Internship Placement Opportunities

Participants will gain access to internship placement opportunities through IFIPP's partner ecosystem, providing practical industry exposure and a pathway to begin their careers in Islamic finance.

Professional Skills and Workplace Readiness

Participants will strengthen effective communication skills; written, verbal, and corporate communication, workplace professionalism, team collaboration, problem-solving and analytical thinking, project execution and task management.

Career Development and Personal Branding

Participants will learn CV development, LinkedIn optimization, personal branding, professional identity development, internship and career preparation.

INTERNSHIP DURATION AND CAREER PATHWAY

Internship duration will vary based on host organization requirements, role structure, and participant performance. Placements may begin with an initial period of ~3 months and may be extended up to 1 year where applicable. Exceptional performance may lead to long-term career opportunities, including potential full-time employment with host organizations. Internships can be remote, on-site or hybrid depending on the institution preferences. Participants will indicate their preferred areas during application and will be considered based on alignment with skills, interest, and availability.

Areas of Placements

After the training and evaluation process, participants are matched with internship opportunities across various sectors, including:

Islamic Finance and Investment

Content and Media

Shariah, Advisory, and Legal.

Creative Design

Marketing and Communications

Business and Strategy

Research and Policy

Customer Services

Events and Community

Human Capital
